What's one way parents can help you to
make this year great?

Just supporting their children, but also
giving their child some space to grow, 5th
Grade is a a great year to let students work
on organization, responsibility, and
ownership before they head off to middle
school.

Is there anything else you'd like parents
to know?

I am a parent, too, so when I say I "get" it, I
really do. Life has been wild the last few
years and we are parenting through a time
that is so unique; pandemics, technology,
etc. So, don't be too hard on yourself and
know that we are all in this together. It
takes a village and Bell's Crossing is an
amazing village to be apart of!
